

The Nelson Health Centre

A modern NHS facility providing integrated care for the local community

First class healthcare provided in a 21st century environment in Merton

The Nelson Health Centre will be a spacious and modern building allowing more people to be seen, diagnosed and treated in a convenient place close to home.

What services will be available?

- Two GP practices, The Cannon Hill Lane Medical Practice and Church Lane Practice, will relocate here with the intention of forming a new single organisation bringing the best from both practices to deliver excellent care to their patients
- Outpatient clinics
- Endoscopy, X-ray, ultrasound and blood tests
- Physiotherapy
- Pharmacy services
- A range of community mental health services.

right care
right place
right time
right outcome

Where is the Nelson Health Centre?

It is on Kingston Road, Wimbledon Chase SW20 8DB, on the site of the former Nelson Hospital.

When can I start using it?

It will be open in spring 2015. Work began in summer 2013. Rapid progress is being made on its development.

What is new and different about the Nelson Health Centre?

We are bringing together more services in a new and modern community based facility so that you only go to hospital when it is necessary and appropriate.

How is the Nelson Health Centre funded?

The Nelson Health Centre is being funded through a NHS Local Improvement Finance Trust, a Private Public Partnership which has been developed with South London Health Partnerships Ltd.
