How has the Patient voice been considered in development of this paper: N/A	
Other Implications: Nil	
Equality Assessment: Not required	
Information Privacy Issues: N/A	
Communication Plan: N/A	

CHAIRS UPDATE

Locality Lead elections

The CCG will shortly commence the process to re-elect the Locality Leads for East Merton and West Merton. For both roles, we will be seeking individuals who are also willing to act as GP members of the Governing Body either now or in the future. Based on the interest in the roles, we may propose to the Governing Body to co-opt the successfully elected locality leads onto the Governing Body. The two current GP Governing Body members, who are the incumbent locality leads, will continue with their terms of office on the Governing Body regardless of the outcome of the process.

Governing Body secondary care doctor

We are pleased to welcome Dr Mike Greenberg to the Governing Body in the role of secondary care doctor. Mike joined the Royal Free Hospital as a consultant paediatrician in 2001. He became clinical director for children's services in 2009, and divisional director for women, children and imaging in 2014. He took up the post of medical director of Barnet Hospital in July 2017. Mike is passionate about patient safety, quality improvement and reducing unwarranted variation. He will join the Audit and Governance Committee and will be available as a delegate to Committees in Common.
